SKILLS

- Java, Oops, Spring boot core
- Html, css, js
- MySQL
- Github, Git

SOFT SKILLS

- Problem solving
- Critical Thinking
- Communication

PROFILE

Ambitious Junior Java Developer with good skills in Java. Experienced in developing backend systems, database administration, and designing scalable applications. Passionate about problem-solving, optimizing code efficiency, and learning new technologies. Want to contribute technical skills to innovative projects while continually expanding software development skills.

PROJECTS

- Simple Bank ATM System – Developed a banking system using Object-Oriented Programming in Java, implementing core functionalities such as account management, and balance inquiries.
- CRUD Operation System – Built a full-stack application using React, MySQL, and Spring Boot, allowing users to perform Create, Read, Update, and Delete (CRUD) operations with seamless data interaction.
- E-commerce Platform (Ongoing) – Currently developing an e-commerce application using React for the frontend, MongoDB for the database, and Spring Boot for backend authentication and API management.

EDUCATION

- | | |
|---|-------------|
| +2 Management in Computer Science | 2020 - 2022 |
| Madan Bhandari Memorial College | |
| Bachelor in Computer application | 2022 - 2026 |
| Kantipur College of Management and Information Technology | |
